Dear friends at KNC,

On behalf of the Chak members and supporter would like to express my deepest congratulation on holding the 21st conference. We hope you continue your great effort and work on the Kurdish struggle for independent and self-determination, which is one the fundamental rights of any nation of the earth where it's expressed, guaranteed, and implemented in many places of the world except in Middle East, and especially when it comes on the Kurdish question. We at the Centre of Halabja- Chak strongly believe that Kurds rights and future would never be guaranteed and protected without the existence of an independent state and a functional democratic government where the life, liberty and freedom of Kurds citizen are respected and protected. Therefore, it's our responsibility as a civil and none-governmental organization to provide logistic, academic and professional support to the Kurds administration in South Kurdistan in order to achieve and sustain greater success. We would also like to thank you for your great work in regard to taking the Kurdish Genocide case into the international court where those who were responsible for these atrocities can be held accountable. We are expressing our willingness and readiness to be your active partner and supporter on this case because it's our principle to protect Kurds human rights and eliminate genocide against the Kurds. Happy Kurdish New Year-Newroz to all your members and supporters at KNC along with our American friends. Thanks for your work and dedication to help our Kurds people.
